FONO ANNUAL PLAN

The goal of the Fono this year is to build on the successes of last year. 2007 was a year when the Fono went through a time of rebuilding and refocusing on networking with our wider Pacific Island workers especially those not yet part of the Fono database.

2007 has determined a successful formula in order to build and focus the Fono in to helping the organising goals of our Union. The Fono has achieved a up to date database, which membership are updating all the time, a system where members can join without any hassle, identify key leaders to build with, and have extended formal discussions with Runanga to work together in order to achieve our goals.

2008 brings us with a great opportunity to excel and grow our Fono to help our wider Union goals. The theme for 2007 was to refocus, rebuild and to unite, 2008 theme is to put into practice the many discussions that members and delegates had. And so our theme for 2008 is:

PASEFIKA PEOPLE THE TIME IS NOW, JOIN US

GOALS OF FONO 2008

- ✚ Start getting commitment from members to participate and grow our Union.
- ✚ Double our Numbers to be more effective.
- ✚ Key leaders to organise actions.
- ✚ More PI written materials for workplaces.
- ✚ More PI to be enrol for election08 and have their say.

The activities and action for 2008 is:

PI in the bay

A networking activity to welcome in 2008, to start building key leaders from last year on a in formal basis so they might encourage and promote Union participation.

First education Fono

The Fono will be using this Fono for the newer Pacific islanders – the main focus will be to get 70% of this Fono to new PI so they may learn about the Fono and the many ways we can help in achieving wider Union goals. 30% will still be made up of some senior key leaders to help in passing on their experience from 2007. Our goal here is to increase the awaress among PIs who have taken interest but never attended Fono.

Pasifika

Fono will be part of CTU tent this year.

MAYDAY day of action

This will be a focus day for our Fono. The focus will be to get as many of our PI out, so we can show solidarity in numbers to help in achieving wider Union goal for this day.

Hui/Fono

Our commitment to the Hui/Fono is strong, Our Fono will see our most experience key PI attending, this year our Fono goals are to move forward and make discussions idea more attainable for our members – we will be looking for action and activity and our we could take it out to members and put it into practice.

PI in the bar

Pacific Island networking this is where key note speakers will be attending to give us some in sight on Union and Pacific issues. Again this is to expose members to key leaders in our communities and to build stronger relations with members and delegates.

Advance Union Fono CTU

We will be sending members to courses held by the CTU Fono. Again another chance for our Fono to expose and build Fono members participation in Union activities.

New Initiatives – PI Speak

PI speak is two short courses run by the Fono to help Pacific island speak out more, this is to build confidence in themselves and their workplace. There will be two short courses in a month. The first being a introductory course exploring the fears of speaking out among PI's and the second will be a follow up course in how did it go, what happen, what went right and what went wrong.

The short courses will only be two hours long and generally after 5pm after work. Every one is invited.

Sports Day

These will an annual event, due to PI being very sporty this will be another chance to build membership and Union participation. Winner of last year SWFU will be organising events in 2008.
